The following is a list of bauxite shipments from Gedaik, Hungary, which [redacted] arrived in the GDR during the period from October to December [redacted]

Month	Origin	Receiver
October	[redacted]	Schwarzkolitz-Lautawerk
	[redacted]	Gräfenhainichen
	[redacted]	Greiz-Doslau
November	[redacted]	Schwarzkolitz-Lautawerk
	[redacted]	Gräfenhainichen
	[redacted]	Greiz-Doslau
December	[redacted]	Schwarzkolitz-Lautawerk
	[redacted]	Gräfenhainichen
	[redacted]	Greiz-Doslau

Comment. A total of 76,300 tons of bauxite was imported in September 1953. Bauxite imports considerably decreased up to June 1953. This possibly indicates that the quota fixed for a year according to the commercial treaty may have been fulfilled. Most of these shipments went via the Bad Schandau border crossing point and some, in order to ease traffic, via the Ebersbach crossing points [redacted]
